

Monday 16/05/16 - PM

After a yummy afternoon tea of spaghetti and baked beans on toast, the children engaged in craft. The children created butterflies using bubble wrap and wooden pegs. They coloured in the wings and painted the body to decorate their butterflies and make them both vibrant and exciting!

After craft the children went outside to get some fresh air and play on the oval!

Tuesday 17/5/16 - AM

This morning the children enjoyed creating their own rings and bracelets using loom bands. This was a fun activity that allowed the children to engage their creativity by using any colour of their choice and designing different patterns.

Tuesday 17/5/16 - PM

This afternoon we continued with making more butterflies, the children loved it! Some of the kindergarten children practiced their home readers with Ash. They are really improving with their reading skills. Once craft was completed the children moved onto playing board games. We had two of the girls playing a game of toy story snakes and ladders while other groups played chess, bounce off and mastermind.

Wednesday 18/5/16 - AM

This morning we had children playing many different games including chess. The older boys who played were teaching the younger boys the right rules. Some of the girls also enjoyed using some of our colouring books.

Wednesday 18/5/16 - PM

This afternoon we had a big group of boys playing bull rush on the oval! This was great fun. Once we got inside we had some of the older children and younger children doing a group drawing together. Once they finished their pictures even more children added to it. This was a great group activity.

Thursday 19/5/16 - AM

This morning a group of boys played with the lego while some of their friends played headbands. That was such an interesting game trying to figure out what objects or animals they were. We also continued on with our group drawing from yesterday afternoon. This was such a hit with the kids!

Thursday 19/5/16 - PM

This afternoon a group of girls and Lauryn D played many card games such as snap, go-fish and beat your neighbor. Our construction box was also a hit with the kids where they created many items such as space stations, houses and magic wands.

Friday 20/5/16 - AM

This morning the children participated in a variety of activities. Some children did a group colouring in while others were teaching younger students how to play chess. After breakfast a group of boys and the OSHC teachers played the card game 'beat your neighbor' while other students enjoyed playing with play-dough.

Friday 20/5/16 - PM

The children enjoyed many indoor and outdoor activities this afternoon. On the oval all children participated in games such as parachute, coloured corners and bulrush. Following this we went inside where we did painting with foam packing and colouring in. A group of boys also decided to use our construction set and cars to make their own tracks.
