

MELROSE PARK OSHC WEEKLY BLOG WEEK 4 TERM 3

THE WEEK THAT'S BEEN...

The past week at OSHC has been very busy. With such nice weather we've been outside making the most of it, playing some of our favourite games. We have used the scoops to throw and catch the ball as well as soccer and dancing outside with our new portable speakers.

This week there were numerous craft activities on offer. Beading, a favourite among, many was a huge hit. The children created dolphins, stars, hearts and other cool abstract patterns using the stencils and multicoloured beads. Scratch art was also extremely popular. We used the stencils to as a guide to scratch off the top layer of the paper and reveal the bright colours underneath. We also used oil pastel shavings, baking paper and an iron to melt down the oil pastels and create cool patterns on the paper.

The children also enjoyed having free time this week to play games of their choice. The girls used the dolls and cooking sets, pretending they were OSHC teachers and had to take care of the kids. The connector cubes were also very popular with some very innovative creations being made.
