

MELROSE PARK OSHC WEEKLY BLOG WEEK 5 TERM 3

THE WEEK THAT'S BEEN...

We can't believe we are almost half way through term 3! This week the kids have shown us how dedicated they are to their studies, with many wanting to do their homework. We think this is awesome, and it has inspired other kids to do the same!

We have had lots of fun this week trialing some new craft activities. Beading was so popular last week it even made a reappearance this week! We also used recycled paper to create a chain, which we then made into a snake. Other craft activities included hand tracing which was very popular with the younger kids and butterfly craft.

We really enjoyed playing soccer this week; we had so much fun even our teachers joined in. It was fantastic to see all the kids getting involved and the older more experienced players giving out tips to our younger kids. Body ball has also been really entertaining. The kids enjoyed passing the ball around without trying to drop it, because if you do drop it, you lose a part of your body!
