

# MELROSE PARK OSHC WEEKLY BLOG WEEK 6 TERM 3

## THE WEEK THAT'S BEEN...

This week we were lucky enough to receive some new toys, which the kids were super excited about! Our new cash register was a hit, with the children able to add their purchases together and see what the total amount was for their shopping trip. They also enjoyed using their fresh produce they 'purchased' to cook different meals, hosting their own Masterchef cook off.

We also had a lot of fun making paper aeroplanes and seeing how far we could fly them! We watched videos on how to create different types of planes, and we recreated these planes step-by-step. Once we saw how far they were able to fly, we decided to make adjustments to see if it would alter the distance the planes travelled. The children really enjoyed making hypotheses and testing them out with their own designs.

Other popular activities this week included colouring in jellyfish, playing outside with the AFL ball and having Battleship competitions with one another. Even the teachers were not a match for some of our clever kids!
